

## The Pastel Society: A Selection of Works

Friday 25 February to Friday 25 March

The Pastel Society, part of the Federation of British Artists (FBA), is pleased to be able to show the work of eight of its members in the Picture Gallery. The Society goes back 124 years and was founded by the artist G F Watts. Some of its early members included Whistler and Degas.

The Society champions the use of dry media such as pastel, charcoal and pencil. The work is largely figurative, but includes some abstraction which can be seen in the artists works across the exhibition.
