

The Mille Miglia.....'only in Italy'

Friday 24 June to Friday 22 July

Tazio Nuvolari, Italy's racing legend is said to have compared the Mille Miglia to an exotic cocktail, *'you can't name all the ingredients but you'll never forget the taste'*.

Originally run between 1927 and 1957, it was revived in 1977 as a regularity race for cars of a type that ran originally and/or were constructed between the original running dates.

West Sussex based freelance photographer Joe Devanny has been involved with the Mille Miglia for the last 11 years. His close relationship with the Mille Miglia's teams, sponsors, engineers, drivers and supporters have enabled him to get close to the heart of the event capturing the detail, emotion and passion that is extricably linked to this unique Italian phenomenon.

The Mille Miglia is an annual event run over a four day period in June on open public roads along the original route from Brescia in the north to Rome and back again. It covers a distance of 1,000 miles and attracts entries from across the world.

This current exhibition captures specific aspects and moments of this unique event.

Each photograph is hand printed 308gsm Hahnemuhle Photo Rag paper, float mounted, set in a bespoke black wooden frame, UV glazed and limited to a series of 25. Each image is personally signed and authenticated by the photographer.
