

Dynamic Cityscapes by Jayson Lilley

Curated by Caiger Art

Friday 26 August to Friday 30 September

Caiger Art is delighted to bring the vibrant work of Jayson Lilley to fellow members of the Royal Automobile Club.

Jayson Lilley is an English Landscape artist who works at the intersection of painting, collage and printmaking to create a distinctive contemporary aesthetic inspired by iconic architecture and urban skylines. Lilley's natural eye for strong compositional forms and bold palettes is informed by his background as an award-winning graphic designer and is a hallmark in his extensive portfolio of works.

Lilley's most recent collections showcase the unpredictability of the human hand in the works; introducing texture to the surface and exploring loose applications and unplanned marks. Recognising the city as a place of vibrant lived experience rather than of passive architectural structures, these methods ensure each artwork is completely unique whilst embedding dynamism and liveliness into the works.

Jayson Lilley has developed an international reputation at the forefront of contemporary printmaking, with works held in collections across the world from London to Tokyo and from New York to Hong Kong. Lilley's works have been selected for prestigious exhibitions including the Westmorland Landscape Prize, the Royal Academy's Summer Exhibition and the ING Discerning Eye.

Each artwork is signed, numbered and has a Certificate of Authenticity.
