

# Testimonials

'It was so easy and Ellie was so reachable throughout the organisation and nothing was ever a problem, Lucy had an amazing time and it has been the talk of the town at their school!'

'I just wanted to say thank you for organising the girls' party, they all had a wonderful time. In particular we'd like to say a huge thanks to Izzy who really went above and beyond to ensure the party ran smoothly. She not only helped the girls but also my two younger boys who were tagging along. Due to all of her help and support she even made the party enjoyable for us adults, as we knew everything was taken care of.'

'Ellie was on top of every detail, and nothing was too much trouble. The party exceeded all our expectations and our friends and their children who attended were incredibly impressed.'

'From the very first interaction I had with you, you have been professional, prompt in response and action, you take great pride in your work and have such a lovely upbeat, can do attitude. The party was so well organised, the room looked great, and all the activities were well thought out and ran like clockwork!'

'The girls had a wonderful time. It was honestly one of the best birthdays ever'.

'The setting was wonderful and perfect weather. We were lucky. You looked after us all so well and please thank the coaches. They were particularly good for the pool games.'
