

LE MANS, MONACO AND THE ART OF THE POSTER

BY WILLIAM LANSBURY

FRIDAY 27 FEBRUARY TO FRIDAY 27 MARCH

A poster had to arrest our attention, probably when we were late for work, quickly telling us all the information we needed and it had to have a memorable image to make sure that message stayed in our minds.

Great artists like Jacques Ramel and Jean Gabriel Domergue painted images that were exciting, colourful and immediately put us 'in the picture'. Le Mans posters tell a story not just of glamour but resilience and

grit. Michel Beligond's fluid style perfectly captured the time and place, the drivers become an extension of their car.

This exhibition is not just about art, it is racing history, Illustrations that freeze a moment, a split second in time. A painting can bring many emotions to the surface. They allow us to live in that moment.
