

THE GUILD FOR CREATIVE AUTOMOTIVE ART

FRIDAY 27 MARCH TO FRIDAY 1 MAY

The Guild of Motoring Artists (GMA) was established in 1986 as a group of professional and semi-professional artists, who shared a common interest in automotive art. Over the years it has attracted some of the best and diverse worldwide automotive artists through its selective membership, exhibiting around the UK with invitational exhibitions in the USA.

Our fifth exhibition at the Club features work from 16 of our members in a variety of media and styles. You will find work from Jonny Ambrose, Ray West, Steve Goodwin, Jon Stevenson, Martin Smith, David Purvis, Oliver Ray, David Ginn, Kate Alger, Paul Toogood, Barry Hunter, Steve Francis, Brian Casey and Henry Perera on display. In addition, there is a selection of work on the

Club website including work from Phil Lightman and Richard Neergaard.

Our objective is to become the one stop for quality creative automotive art. Whether your taste is for traditional compositions, tight representational illustration, loose and wild, abstract, digital vector or 3D sculpture and multi-media, you are sure to find a style that's right for you within the guild's membership portfolio.

No AI generated art will be promoted by the Guild or included in its media or exhibitions. However, the use of AI which does not replace manual creation in the final product, such as research, ideation, experimentation, etc. where AI is used solely as a reference tool, but the art is made entirely by the artist's hand is acceptable.

For further information, or to purchase a piece of art, please email picturegallery@royalautomobileclub.co.uk or visit the Online Club Shop.

PRICE LIST
