

*Around the World
in 80 Days*

The greatest journeys are remembered not for the miles travelled, but for the moments that define them. Inspired by Jules Verne's *Around the World in Eighty Days*, this collection celebrates the defining moments of Phileas Fogg's extraordinary voyage. Each cocktail pays tribute to a moment that shaped one of literature's most enduring adventures.

THE WAGER

London (Day 1)

The journey begins at the card tables of the Reform Club on Pall Mall. Phileas Fogg, an obsessive creature of mathematical routine, bets his entire fortune that he can conquer time. He steps out into the thick London fog with nothing but a carpet bag, moving with clockwork precision.

and Apple Plymouth Gin,
Clarified Dubonnet, Lillet Blanc,
Grand Marnier, Fresh Lemon Oils.*

Razor-sharp, bone-dry, and ice-cold. A beautifully crisp, refreshing Martini variation with a subtle, aromatic hint of orchard fruit and citrus.

THE FROZEN BULLET

Paris (Day 2)

Plunging straight into the violent chaos of a political riot in Paris. An assassin fires a gun directly at Fogg's chest, but his life is miraculously saved by a split-second stroke of luck: the bullet ricochets harmlessly off the heavy metal spirits flask tucked inside his coat pocket.

Ingredients: Martell VS Cognac, Green Chartreuse, Grand Marnier, Absinthe, Aromatic Orange Oils.

Heavy, complex, and spirit-forward. A deeply aromatic, herbaceous twist on a classic Sazerac with warming oak, anise, and bright citrus notes.

THE SHORTCUT

Suez Canal (Day 7)

Navigating the engineering triumph of the Suez Canal ahead of schedule. Fogg believes he is moving in absolute comfort, completely unaware that Detective Fix is lurking on the docks, watching his every move. Fix suspects Fogg of being a bank robber and silently slips into his shadow.

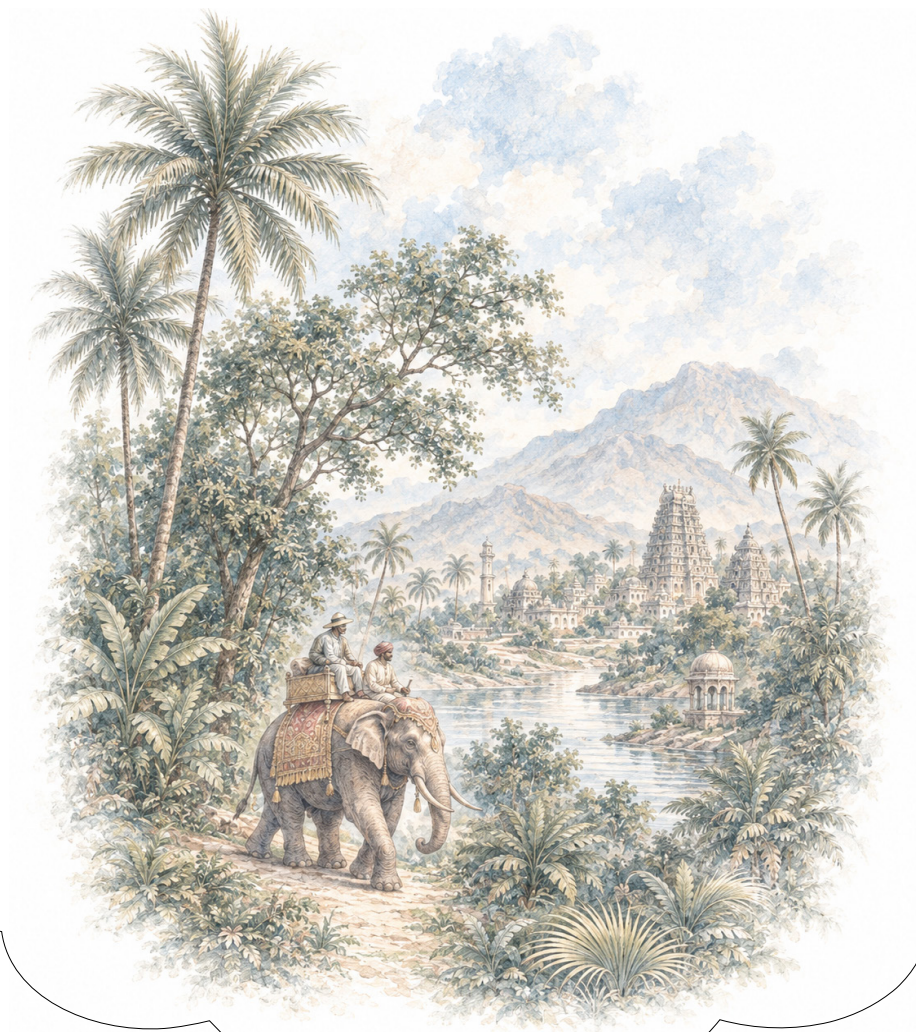

*Ingredients: Código Blanco Tequila,
Olive-Infused Absolut Vodka,
Manzanilla Sherry, House Lime Cordial,
Soda Water.*

Long, savoury, and highly effervescent.
A crisp, deeply refreshing highball that balances

and-sea-salt finish.

THE SHOCK & THE DETOUR

Bombay, India (Day 18)

The absolute breakdown of global infrastructure.
Deep in the Indian jungle, the railway tracks end abruptly in the dirt. Moving on elephant-back, Fogg risks his entire bet to orchestrate a daring rescue, saving Princess Aouda from a sacrificial funeral pyre (Sati).

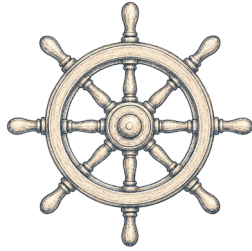

*Ingredients: Absolut Elyx Vodka,
Roasted Green Mango, Toasted Cumin,
Black Salt, Cardamom, Mint,
Black Pepper, Clarified Milk.*

Velvety, sweet-tart, and deeply savoury. A perfectly clear, smooth milk punch that blends the exotic, smoky tang of green mango with earthy spices and a luxurious, silky mouthfeel.

THE EYE OF THE STORM

Hong Kong (Day 35)

Betrayal meets the untamed fury of nature. Stranded after Detective Fix drugs Passepartout in an opium den, Fogg misses his massive steamship.

Refusing to let the clock beat him, Fogg hires a tiny pilot boat to sail directly into a savage, swirling South China Sea typhoon to catch his connection.

Ingredients: Malfy Rosa Gin, Fresh Pink Grapefruit Juice, Homemade Grapefruit Syrup, Lychee Liqueur, Grapefruit Bitters.

Vibrant, zesty, and high-acid. A punchy, refreshing fruit sour bursting with electric pink grapefruit, bright citrus oils, and a delicate, tropical finish.

THE DISGUISE

Yokohama, Japan (Day 44)

Hiding in plain sight and the humility of survival. Stranded penniless in Japan, Passepartout is forced to swallow his European pride. To earn bread, he joins a traditional travelling Japanese acrobatic circus, dressing in a ridiculous costume with giant paper wings before Fogg tracks him down.

Ingredients: KI NO BI Kyoto Dry Gin, Fresh Lychees, Homemade Jasmine Tea, Lychee Liqueur, Fresh Lemon, Clarified Milk.

Elegant, creamy, and transparent. A wonderfully floral and tropical tea punch clarified to run water-clear, delivering sophisticated notes of green tea, exotic lychee, and Japanese botanicals.

CHAOS ON RAILS

The American Frontier (Day 68)

Pure adrenaline, speed, and heavy machinery. Racing across the Wild West, the locomotive leaps a collapsing canyon suspension bridge at full throttle, fights off an ambush by Sioux warriors, and battles a winter blizzard. Reaching the coast, Fogg hijacks a steamer - burning its own wooden decks for fuel.

Ingredients: Redbreast 12 Year Old Irish Whiskey, Premium Sweet Vermouth, Smoked Maple Syrup, Black Walnut Bitters, Mezcal Mist.

Rich, deeply oaky, and wood-smoked. An ultra-premium, spirit-forward Manhattan variation layered with dark fruit, warming walnut spice, and the distinct, rugged aroma of a log fire.

THE HORIZON'S GIFT

London Return (Day 80)

The grand, ultimate illusion of time. Fogg arrives back in London and locks himself away in total despair, believing he missed his deadline by five minutes. At the absolute final second, they calculate their eastward path: by racing toward the sun, they gained a full 24 hours. Fogg bursts into the club a winner.

Ingredients: Aged Caribbean Rum, House-Infused Cinnamon, Pineapple, Vanilla, Crème de Cacao, Orange Bitters, Amontillado Sherry and Orgeat Foam.

Opulent, textured and celebratory. A magnificent, dessert-style tropical blend topped with a rich, nutty wine foam that drinks like a decadent, luxurious reward at the end of the world.
