

Lady Captain's Farewell Scramble

PLAYED IN TEAMS OF FOUR

The total of all four handicaps must equal a minimum of 85 on entry.

Each team should keep a backup scorecard so that scores can be verified at the end of the round. The team captain should sign the scorecard, and the keeper of the back-up card should countersign.

All players tee off at each hole

Each player's drive must be chosen four times

The nominated team captain then selects the best drive and marks the position (within 12 inches) with a tee peg (not nearer the hole)

The other players then retrieve their balls. **The player whose ball has been chosen does not play the next shot.**

The remaining players then play within twelve inches of the tee peg (not nearer the hole)

Note: Golf balls should be placed on closely mown areas and dropped if the chosen ball in play is in the rough or a hazard.

The above method of play is followed until the green is reached.

On the green **ALL** players in the team may putt.

Each player must mark the ball after putting. Play continues from each chosen position until the ball is in the hole.

Note: If a player taps her ball into the hole after putting, that is the score for the hole. No other player can attempt to hole the longer putt.

Scoring

The score for each hole is the total number of shots from each chosen spot (including the tee shot). At the end of the round the total for each hole is added together.

Combined Handicap reduction will be shown on scorecard, which you deduct from Gross score at the end of the round.
