

MEN'S CAPTAIN'S FAREWELL SCRAMBLE

Saturday 10 October 2026

Competition Format

Team Competition comprising four players in a Team – with a combined team handicap shown on your scorecard.

The captain of each team will determine the order of play between the members of his team. Players play from the White tees.

ALL players drive

Player whose ball is selected for the next shot may not participate in that shot. This principle applies to every shot until the ball has reached the putting surface when all 4 players can putt. If the selected ball is on the fairway, players must place their ball within 12" of the selected ball, no nearer the hole. If the selected ball is in the rough or in a hazard, players must drop their ball within 12" of the chosen ball, no nearer the hole, and then play it as it lies. **If the selected ball is in the rough or a bunker then the ball must be dropped in and played from the rough or bunker respectively, even if, for example, the fairway is within 12" of the selected ball. Failure to drop in the rough or in a hazard shall result in the disqualification of the team.**

A player shall have the option to putt out without affecting the other team members having the opportunity to better the final team score for the hole.

Each team member's drive must be used at least 4 times. An initial is required against each hole to identify the player driving at the hole.

The team with the best nett score will win the competition. In the event of a tie, the usual 'count back' rules will be applied.

The team Captain or one other member of the team **MUST** sign the scorecard. **Failure to sign will result in the team being disqualified.**
