STIRLING'S 7

A Celebration of the Wellington

Thursday 8 to Sunday 11 October

Main Course

Veal Wellington
Woodland mushroom, chicken, prosciutto, chestnut purée, blackberry jus (CA)

The exact origins of the name 'Wellington' remain unclear, although most theories link it to the first Duke of Wellington, victor of the Battle of Waterloo.

One theory suggests that encasing meat or fish in pastry made it easier for officers in The Duke's army to eat in the field, as a whole meal in one package.

Another claims the dish originated from France, where it was known as 'en croûte'. When it made its way to Britain in the early 19th century, it was given a distinctly British name: Wellington
